

# 4Life Transfer Factor® Belle Vie®

A Beautiful Life

- Provides endocrine system support for women
- Promotes healthy detoxification process in the body
- Includes antioxidants
- Promotes healthy cellular growth
- Features Targeted Transfer Factor® technology

## What is 4Life Transfer Factor Belle Vie?

4Life Transfer Factor® Belle Vie® is a Targeted Transfer Factor product fortified with specialized proprietary blends to help support healthy hormone balance and immune system function. This potent blend of phytoestrogen, detoxification, and antioxidant ingredients will help promote endocrine system health and healthy cellular function.

## Did You Know?

Phytoestrogens, or plant estrogens, are trace substances found in food, which mimic the actions of the hormone estrogen. They are known to have antioxidant effects and help maintain healthy hormone balance in the body.

## PRIMARY SUPPORT:

Female support

## SECONDARY SUPPORT:

Immune  
Antioxidant

## Key features

- Features Targeted Transfer Factor technology.
- Includes a potent phytoestrogen proprietary blend of Kudzu, Flax, and Red Clover.
- Provides the antioxidant support of Green Tea and Grape Seed extract along with the benefits of Calcium D-Glucarate.
- Contains transfer factors (immune messenger molecules) that help educate immune cells and promote the immune system's ability to more effectively recognize, respond to, and remember potential health threats.
- Ensures exclusivity with protective United States patents: 6,468,534 (extraction process for transfer factors from egg sources) and 6,866,868 (combination process of transfer factors from cow colostrum and chicken egg yolks).

**DIRECTIONS:** Take two (2) capsules daily with 8 oz of fluid.
