

# RiteStart® Men

All-In-One Nutrition For Men

4Life®

TOGETHER, BUILDING PEOPLE®

## RiteStart-Exclusive Anti-Aging Pack for Men

RiteStart Men from 4Life is a combination of nutrients like no other. Named for the exact purpose it provides...a RiteStart for your day, for your health and for your life . . . this product is designed to help you look and feel great, and have the energy and immune support you need to achieve your life-goals. It represents one of the best immune products available today and makes designing a comprehensive wellness program—simple.

Like the foundation of a house, this all-in-one men's pack provides the base from which to build a healthy life. Specifically designed with men's health in mind, RiteStart Men is far more than a daily multivitamin and mineral supplement. It features the 4Life Transfer Factor Plus® Tri-Factor™ Formula to effectively support your immune system in addition to a proprietary Men's Health Blend, exclusively developed to meet the needs of the male body. Its complete formula, which also includes essential fatty acids, full-spectrum antioxidant power AND additional essential nutrients, makes RiteStart one of the best and most unique wellness product available today.

## Key Points

- **Specific Nutrition for Men:** Men's and women's bodies are different, and thus have different needs. RiteStart Men features nutrients that promote a healthy prostate along with a perfect balance of vitamins, minerals and antioxidants specific for optimum male health.
- **4Life Transfer Factor Plus Tri-Factor™ Formula:** This advanced formula provides far-reaching immune support. It combines the synergistic power of 4Life Transfer Factor Tri-Factor™ Formula with the proprietary Cordyvant blend to support overall good health. Recent scientific studies report that this Tri-Factor™ Formula boosts immune system activity 437 percent above normal immune response.<sup>1</sup>
- **Essential Fatty Acids:** Essential Fatty Acids (EFAs) are vital to your body and must be supplied through food or supplementation. EFAs are required to support healthy cellular production and blood pressure levels. They also support healthy joints and flexibility as well as healthy mental development and acuity.\*
- **Antioxidant Protection:** Each packet provides a great source of antioxidants. RiteStart features multiple antioxidants including vitamins A, C and E, OPC sources such as pinebark and grapeseed extracts and other sources such as bilberry, lutein, CoQ10, alpha-lipoic acid and zinc. A well-rounded product like RiteStart provides optimum health support.
- **Life C:** Exclusive to 4Life, this multi-form of vitamin C provides maximum benefits. Are all vitamin C's equal? No way! Life C contains seven forms of vitamin C that are absorbed through different pathways, providing increased health support.\*
- **Hyaluronic Acid:** Found abundantly in cartilage and synovial fluid when we are young, Hyaluronic Acid's main function in the body is to cushion and lubricate the joints. Over time, our bodies produce less and less Hyaluronic Acid.

### RiteStart® Men

**DIRECTIONS:** Take two (2) packets daily with 8 oz of fluid. For best results, take with morning and evening meals.

## Supplement Facts

**Serving Size:** Two (2) Packets  
**Servings Per Container:** 30

Amount Per Serving		%DV*
Vitamin A (as 25% retinyl palmitate and 75% as beta carotene) (from <i>Blakeslea trispora</i> extract)	10,000 IU	200%
Vitamin C (Life C (as calcium ascorbate, ascorbic acid, ascorbyl palmitate, erythorbic acid, magnesium ascorbate, dehydroascorbic acid, ascorbigen)	500 mg	840%
Vitamin D (as cholecalciferol)	1500 IU	380%
Vitamin E (as d-alpha tocopheryl acetate, including alpha, beta, gamma, delta, tocopherols)	220 IU	730%
Vitamin K (phytonadione)	26 mcg	30%
Thiamin (as thiamin mononitrate)	4 mg	270%
Riboflavin	4 mg	240%
Niacin (as niacinamide)	26 mg	130%
Vitamin B6 (as pyridoxine hydrochloride)	6 mg	300%
Folate (as folic acid)	400 mcg	100%
Vitamin B12 (as cyanocobalamin)	18 mcg	300%
Biotin (d-biotin)	300 mcg	100%
Pantothenic Acid (as d-calcium pantothenate)	26 mg	260%
Calcium (as calcium carbonate, amino acid chelate, citrate)	330 mg	30%
Iron (as iron amino acid chelate)	10 mg	60%
Iodine (as potassium iodide)	76 mcg	50%
Magnesium (as magnesium oxide, carbonate, amino acid chelate)	125 mg	30%
Zinc (as zinc amino acid chelate, yeast)	50 mg	330%
Selenium (as selenium amino acid chelate)	200 mcg	290%
Copper (as copper amino acid chelate)	1 mg	50%
Manganese (as manganese amino acid chelate)	2 mg	100%
Chromium (as chromium amino acid chelate)	240 mcg	200%
Molybdenum (as molybdenum amino acid chelate)	40 mcg	60%
Boron (as boron citrate)	2 mg	†
Vanadium (as bis-glycinate oxovanadium)	20 mcg	†
<b>4Life Tri-Factor® Formula</b>	<b>300 mg</b>	<b>†</b>
<b>Transfer Factor E-XF™</b>		
A patented concentrate of transfer factors and other natural components from cow colostrum and egg yolk.		
<b>NanoFactor™</b>		
A proprietary concentrate of nano-filtered cow colostrum.		
<b>Cordyvant™ Proprietary Polysaccharide Complex 845 mg</b>		<b>†</b>
IP-6 (Inositol hexaphosphate)		
β-Sitosterol and other phytosterols		
<i>Cordyceps sinensis</i> mycelia extract		
Baker's yeast ( <i>Saccharomyces cerevisiae</i> ) extract		
<i>Agaricus blazei</i> fruiting body extract		
Aloe ( <i>Aloe barbadensis</i> ) leaf gel extract		
Oat ( <i>Avena sativa</i> ) seed extract		
Olive ( <i>Olea europaea</i> ) leaf extract		
Maitake ( <i>Grifola frondosa</i> ) fruiting body extract		
Shiitake ( <i>Lentinus edodes</i> ) fruiting body extract		

# Did you know?

Transfer factors are tiny molecules that transfer immunity information from one entity to another, such as between a mother and her infant who she breastfeeds. Transfer factors educate your immune system, thus supporting the recognition phase of an infection.

Calcium d-Glucarate assists the body in removing toxins, a process called detoxification.

## Ordering Information

Item # 26506  
60 packets / 30-day supply

## Technical Points

- Contains 25 vitamins and minerals, 4Life Transfer Factor Plus, Essential Fatty Acids, full-spectrum Antioxidants, Calcium d-Glucarate, Soy Isoflavones and other essential nutrients.
- Lutein is a powerful antioxidant shown to help support eye health.
- Coenzyme Q10 plays a crucial role in the generation of cellular energy and healthy circulation. In addition, this powerful antioxidant plays a significant immunological role that supports the cardiovascular system.\*

1. Test results obtained from two independent NK cell studies conducted by Dr. Anatoli Vorobiev, head of Immunology, at the Russian Academy of Medical Science. The blinded studies tested 4Life Transfer Factor E-XF (the primary ingredient in Tri-Factor Formula) and other immune system products.

Amount Per Serving	%DV*
<b>Fatty Acid Blend</b>	<b>1175 mg †</b>
Alpha Linolenic Acid (ALA) (from organic flax ( <i>Linum usitatissimum</i> ) seed oil)
