

enummi® Life C Energizing Serum™

The beauty of science

- Antioxidants and other botanicals help remind your skin how to look and act younger
- Luxurious serum leaves your skin feeling remarkably soft and smooth

What is enummi Life C Energizing Serum?

enummi® Life C Energizing Serum™ combines vitamin C and other botanicals to help energize sallow and tired-looking skin, improve texture and luminosity, diminish the appearance of age spots, and give skin the protection it needs against the elements.

Key Features

- Delivers potent antioxidants to defend against the elements
- Contains vitamin C to help brighten and improve overall skin tone and texture for a more luminous complexion
- Contains Transfer Factor E-XF™

Did You Know?

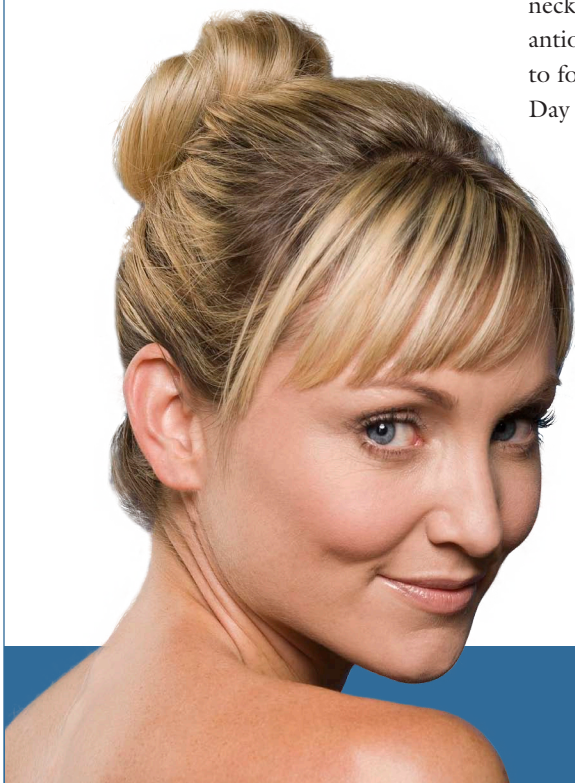

Your neck and chest areas age in much the same way as the skin on your face. You can apply enummi Life C Energizing Serum to the neck and décolletage areas for added antioxidant protection. Don't forget to follow with enummi® Protective Day Moisturizer.

Recommended Use:
Apply enummi Life C Energizing Serum in small circular motions, gently massaging into the skin.

enummi® Life C Energizing Serum™

The beauty of science

Key Ingredients

- ***Olea europaea*** (olive) fruit oil and leaf extract help attract and retain moisture for supple skin, provide soothing properties, and maintain the skin's barrier function.
- **Phenylethyl Resorcinol** is a brightening ingredient that promotes even skin tone and reduces the appearance of age spots. It is also a skin protectant that maintains healthy cells and protects against the effects of oxidative stresses on the skin.
- **Tetrahexyldecyl Ascorbate** is a stable form of vitamin C and a potent antioxidant for the skin. It supports healthy collagen production, evens overall skin tone, brightens age spots, and maintains the skin's natural barrier response.
- **Retinyl Palmitate** (vitamin A) provides antioxidant properties and improves the appearance of fine lines and wrinkles and overall skin texture, while maintaining hydration in the skin.
- **Tocopheryl Acetate** (vitamin E) provides superior antioxidant protection for the skin, reduces water loss, and maintains the skin's natural barrier.
